

Complimentary Portrait Photoshoot - Bi-monthly Draw - Terms of Entry

Terms & Conditions

- Entry can only be accepted via our online entry form located at <http://www.stephengormley.co.uk/blog/portrait-session-competition/>
- Draws will be made at random from the list of entries on a bi-monthly basis, commencing on the 1st June
- Email notification to winners will be made within 48 hours of the draw taking place
- Each draw winner will be entitled to an on location portrait session for up to six people
- The complimentary shoot will take place on an agreed weekday (Monday to Friday) excluding public holidays
- Weekend shoots are possible but subject to Stephen's availability and a weekend surcharge fee of £75 is payable upon booking. This fee is in line with the difference in fees payable on Stephen's standard price list
- The photoshoot will last a minimum of one hour and no more than two hours
- In the event of inclement weather Stephen may contact the draw winner as late as the day of the planned photoshoot, rescheduling the shoot to a later date.
- Within three weeks of the photoshoot taking place a selection of images will be posted on a passworded online gallery at clientgallery.stephengormley.co.uk
- The five 8x6 mounted prints will be chosen by the draw winner and these will be posted to the draw winner within 3 weeks of the five images being nominated
- If further prints are required then these are available via the gallery shopping cart and will be priced as per the standard non-discounted price list
- If further products are required then these will be priced as per the standard non-discounted price list
- The prize cannot be exchanged for any monetary value

- Stephen Gormley Photography shall be permitted to use images for promotional and marketing purposes
- Image copyright will remain with Stephen Gormley Photography
- Stephen Gormley Photography's decision is final!
- The location of the shoot will take place within a 30 mile radius of Bingham, Nottinghamshire (A map showing the applicable area is below)
